COURSE SYLLABUS

CJUS 360
INTRODUCTION TO FORENSICS

COURSE DESCRIPTION
An introductory overview of forensics and how it is applied to the justice system by law enforcement agencies. This course demonstrates the importance of documenting physical evidence and identifying various kinds of evidence such as: fingerprints, trace, tool marks, DNA, etc.

RATIONALE
This course is an introduction to Crime Scene Investigation and what you might expect to see in a law enforcement field, placing emphasis on Forensic Science. It is applicable to future career choices whether you seek local, state or federal law enforcement or your goal is to become a lawyer, paralegal or other professional related to law or law enforcement. This course will provide realistic insights in addressing the challenges of a career in CSI and compare the pros and cons of sworn vs. civilian.

I. PREREQUISITE
For information regarding prerequisites for this course, please refer to the Academic Course Catalog.

II. REQUIRED RESOURCE PURCHASE
Click on the following link to view the required resource(s) for the term in which you are registered: http://bookstore.mbsdirect.net/liberty.htm

III. ADDITIONAL MATERIALS FOR LEARNING
A. Computer with basic audio/video output equipment
B. Internet access (broadband recommended)
C. Blackboard recommended browsers
D. Microsoft Office

IV. MEASURABLE LEARNING OUTCOMES
Upon successful completion of this course, the student will be able to:
A. Identify how a crime scene is secured and how physical physical evidence is created.
B. Compare and contrast the advantages and disadvantages of Civilian vs. Sworn CSI.
C. Evaluate a selected portion of the NAS report regarding the future of forensic science in America.

D. Demonstrate how to manipulate camera manual settings by taking pictures using depth of field, lighting, and extended exposure through a manipulation of the aperture and shutter settings.

E. Demonstrate a basic knowledge of fingerprint development using magnetic powder, be able to identify the three types of fingerprint classifications and properly collect known and unknown samples of DNA.

F. Incorporate Biblical principles throughout the modules applying scriptural truths to better appreciate the nature of physical evidence and God who loves justice.

V. COURSE REQUIREMENTS AND ASSIGNMENTS

A. Textbook readings and lecture presentations/notes

B. Course Requirements Checklist

After reading the Syllabus and Student Expectations, the student will complete the related checklist found in Module/Week 1.

C. Discussion Board Forums (6)

There will be 3 traditional opportunities for discussion participation to be graded on topics provided in Blackboard. The traditional posts can be edited but not removed, and file attachments are discouraged. The student will present his or her own informed opinion on the assigned topic forums in at least a 400–600-word thread (with citations to support assertions for full credit). In addition to the thread, the student is required to reply to 2 other classmates’ threads. Each reply must be at least 200 words. Minimums listed must not be the student’s maximum—minimal participation means a minimally passing grade. Both the thread and the replies must cite course-specific and non-course-specific material.

Discussion Board Photo Submissions: In addition to the 3 traditional discussion boards, there will also be 3 photo submissions where the student will post to the Discussion Board Forum.

1. Discussion Board Forum 2: Evidence Photo

Drawing from the presentations, the student will practice taking overall, reference, and close up photos of a single item of evidence of his or her choice. The student will practice taking multiple photos but will be required to submit only 4 photographs, featuring the following elements: 1) Overall, 2) Reference or contextual photo, 3) Close up without scale, and 4) Close up with scale.
2. Discussion Board Forum 3: Latent Photo

The student will draw from the textbook and presentations and develop 1 latent fingerprint on a paper surface using magnetic powder. Upon completion, the student will practice photographing his or her latent fingerprint that has been developed and attempt to classify the print by referring to the textbook and presentations. One close-up photograph of the developed print (with scale) will be submitted along with the attempted classification of a Loop, Whorl, or Arch.

3. Discussion Board Forum 5: Paint with Light Photo

The student will submit a single photo taken with an extended shutter speed in a dark environment and use a light source (such as a flashlight) to paint the dark scene making it bright. The purpose of this exercise is to simulate an overall photograph of a crime scene with low light conditions.

D. Exams (2)

Exam 1: Exam 1 will consist of 25 true/false and multiple-choice questions. The exam will be open-book/open-notes, and the student will have 45 minutes to complete the assessment.

Exam 2: Exam 2 will consist of 50 true/false, multiple-choice, short answer, and matching questions. The exam will be open-book/open-notes, and the student will have 1 hour and 30 minutes to complete the assessment.

B. Scale

A = 900–1010  B = 800–899  C = 700–799  D = 600–699  F = 0–599
C. CJUS Policy

The nature of the criminal justice community demands that persons involved be of a high level of integrity, and education is not merely academic in nature, but is holistic. Students enrolled in CJUS courses will be held to a high standard. Self-control is imperative for CJUS practitioners. If not “merely” to honor Christ, your family, and this academic institution, on a purely pragmatic level, in anticipation of future employability in the career field of your choice, conduct yourselves so as not to place yourselves in difficult and embarrassing situations.

D. Disability Assistance

Students with a documented disability may contact Liberty University Online’s Office of Disability Accommodation Support (ODAS) at LUOODAS@liberty.edu to make arrangements for academic accommodations. Further information can be found at www.liberty.edu/disabilitysupport.

If you have a complaint related to disability discrimination or an accommodation that was not provided, you may contact ODAS or the Office of Equity and Compliance by phone at (434) 592-4999 or by email at equityandcompliance@liberty.edu. Click to see a full copy of Liberty’s Discrimination, Harassment, and Sexual Misconduct Policy or the Student Disability Grievance Policy and Procedures.
