C. K-12 Classroom Guidance Lesson

The guidance curriculum is generally a preventative method of program delivery that is standards-based and related to student health and well-being. In collaborative groups (assigned during intensive by instructor), students select the target school-age population to be served (i.e., elementary, middle, or high school) and create a PowerPoint presentation. Students crosswalk curriculum (core academic standards with the school counseling standards) and creates measurable objectives and pre-post lesson measures to evaluate the effectiveness of the guidance curriculum in meeting stated objectives. Students will present all components of the rubric on the final day of the intensive. The presentation will be 30-45 minutes in length. See instructions sheet in Bb for specific components and rubric for this assignment.

D. Elementary School Individual Counseling Case Conceptualization & Treatment Plan

Individual counseling in the schools is a responsive service that involves one-to-one counseling with a student. A case is presented and students will be asked to conceptualize the case and create a culturally sensitive, developmentally appropriate plan for treatment within the scope of school counseling. See instructions sheet in Bb for specific components and rubric for this assignment.

E. High School System Support Program

Students create a PowerPoint with lecture notes that introduces parents, teachers, and administrators to a comprehensive school counseling program based on the ASCA National Model that incorporates an ongoing transition program aimed at promoting a successful transition from middle school to high school and from high school to a post-secondary career path. See instructions sheet in Bb for specific components and rubric for this assignment.

F. Comprehensive School Counseling Program (**BENCHMARK**)

This assignment is NOT to be submitted as a file in LiveText. This assignment is completed via the template in LiveText ONLY. **Students need to paste or type directly into LiveText template for this assignment. Read the assignment instructions sheet and rubric carefully.** Contact LiveText if you have any issues (do not contact me). LiveText support is available and can walk you through submission. Please become familiar with LiveText prior to the date of your submission.

G. Reading Quizzes (4)

Students complete four 60-minute, multiple choice, timed quizzes that cover content from the Dollarhide text book chapters. Students have access to all quizzes from the first day of the course. The quizzes must be completed by 11:59 p.m. (ET) on the day before the first intensive class meeting.

Students may use the text book, however, the student has approximately 1 minute per question, which means that the student would need to have read the chapters in order to do well on the assessment. Only material covered in the Dollarhide course text book will be on the quizzes. Please read and study your text book material prior to the quizzes. Once you access the quiz the timer begins. Students will know their scores immediately and the correct responses will be given to promote student learning. Students should anticipate technological issues and have a back-up plan in place prior to starting each quiz. There are 40 items per quiz (20 items per chapter). Each item is worth 1.25 points for a total of 50 points per quiz. Students who exceed the allotted 60 minutes: 1 point will be deducted for every 5 minutes over the allotted timeframe. Each quiz can only be taken one time.

H. Discussion Board (4)
