COURSE SYLLABUS

EDUC 668
TEACHING MATHEMATICS IN THE MIDDLE SCHOOL

COURSE DESCRIPTION
This course is designed to help middle school teachers improve the skills necessary to effectively teach mathematics in a timely yet God-centered manner.

RATIONALE
This course is designed to help middle school teachers improve the skills necessary to effectively teach mathematics in a timely yet God-centered manner.

I. PREREQUISITE
For information regarding prerequisites for this course, please refer to the Academic Course Catalog.

II. REQUIRED RESOURCE PURCHASE
Click on the following link to view the required resource(s) for the term in which you are registered: http://bookstore.mbsdirect.net/liberty.htm

III. ADDITIONAL MATERIALS FOR LEARNING
A. Computer with basic audio/video output equipment
B. Internet access (broadband recommended)
C. Blackboard recommended browsers
D. Microsoft Word
E. ILRC Resources

IV. MEASURABLE LEARNING OUTCOMES
Upon successful completion of this course, the student will be able to:
A. Integrate Christian and professional principles throughout the course.
B. Develop effective standards-based on the characteristics and needs of the grade 6–8 students.
C. Utilize technology competencies for effective middle-grades mathematics teaching and learning.
D. Summarize professional organizations dealing with middle-grades mathematics teaching, along with journals published by those organizations.
E. Analyze research-based practices for improving mathematics instruction.
F. Articulate and demonstrate the meaning of student-centered mathematics.

V. COURSE REQUIREMENTS AND ASSIGNMENTS
A. Textbook readings and lecture presentations
B. Course Requirements Checklist
   After reading the Syllabus and Student Expectations, the student will complete the related checklist found in Module/Week 1.
C. Discussion Board Forums (2)
   There will be 2 Discussion Board Forums throughout the duration of this course. The candidate is required to provide a thread in response to the provided prompt for each forum. Each thread must be 200–300 words and demonstrate course-related knowledge. In addition to the thread, the candidate is required to reply to 2 other classmates’ threads. Each reply must be 100–150 words. (MLO: A, B, F)
D. Online Field Trip Forums (2)
   There will be 2 Online Field Trip Forum assignments throughout the duration of this course. The candidate is required to analyze and summarize at least 2 online resources in each forum. Each thread must be a minimum of 200–300 words and demonstrate course related knowledge. In addition to the thread, the candidate is required to reply to 2 other classmate’s threads. Each reply must be 100–150 words. (MLO: A, B, C, D, F)
E. Reading Journal
   The candidate will submit 8 entries to the Reading Journal throughout the duration of this course. Each module/week, the candidate will submit 2 entries to the Reading Journal. Each entry must be 200–300 words and summarize each chapter assigned from the textbook for that module/week. The Reading Journal entries will be graded periodically over 4 checkpoints throughout the course. (MLO: A, B, C, E, F)
F. Article Critiques (4)
   The candidate must research and select 4 scholarly journal articles related to teaching mathematics for grades 6–8. Two articles must be from scholarly practitioners’ journals and 2 articles from scholarly research journals. The candidate will write a 2-page critique for each of the 4 articles (4 critiques total). (MLO: A, B, D, E)
G. Mathematics Game or Activity
   The candidate will develop an “original” mathematics game or activity for a typical middle-school classroom that he/she teaches or plans to teach. (MLO: A, B, C, E, F)
H. Instructional Planning, Performance, and Reflection (IPPR)

The candidate will prepare a mathematics lesson plan, for a typical middle-school classroom, using the IPPR lesson plan template provided in Blackboard. The mathematical topic must be appropriate for the grade level he/she is teaching or hopes to teach. (MLO: A, B, C, D, E, F)

C. LiveText Submission Policy

All LiveText assignments must be submitted to Blackboard and LiveText in order for the candidate to receive credit. **LiveText Submission Exception:** Candidates pursuing the following programs: M.Ed. in Higher Education, Ed.S. in Higher Education Administration, the Ph.D. in Education, and the Ph.D. in Higher Education Administration, are not required to submit this assignment in LiveText, but must submit this assignment in Blackboard.

D. Disability Assistance

Students with a documented disability may contact Liberty University Online’s Office of Disability Accommodation Support (ODAS) at LUOODAS@liberty.edu to make arrangements for academic accommodations. Further information can be found at www.liberty.edu/disabilitysupport.

If you have a complaint related to disability discrimination or an accommodation that was not provided, you may contact ODAS or the Office of Equity and Compliance by phone at (434) 592-4999 or by email at equityandcompliance@liberty.edu. Click to see a full copy of Liberty’s [Discrimination, Harassment, and Sexual Misconduct Policy](#) or the [Student Disability Grievance Policy and Procedures](#).
