COURSE DESCRIPTION

This course considers the dynamics of marriage and family relationships from a systems perspective. The emphasis is on understanding family and other systems theories, the structure and function of marriage, various aspects of the marital relationship and family systems, and models of family and systemic interventions. Considerations from a historical perspective are presented along with current developments within marriage and family systemic models.

C. Dual Relationship

The faculty is responsible to interact with counseling students in a supervisory capacity/role. As such, faculty may provide students professional principles, guidance, and recommendations as it relates to the context of the student-client setting. The faculty is responsible to avoid dual relationships with students such as entering a student-counselor or student-pastor relationship. Thus, the faculty does not provide personal counseling addressing student personal problems. If a faculty member perceives that a student is in need of personal or professional counseling, then that faculty member will recommend that the student pursue either pastoral or professional assistance from a counselor in their community.

D. Limits of Confidentiality

In the event of a student’s disclosure, either verbally or in writing, of threat of serious or foreseeable harm to self or others, abuse or neglect of a minor, elderly or disabled person, or current involvement in criminal activity, the faculty, staff, administrator, or supervisor will take immediate action. This action may include, but is not limited to, immediate notification of appropriate state law enforcement or social services personnel, emergency contacts, and notification of the appropriate program chair or online dean. The incident and action taken will become part of the student’s permanent record.

E. Disability Assistance

Students with a documented disability may contact the Liberty University Online Office of Disability Academic Support (ODAS) at luoodas@liberty.edu to make arrangements for academic accommodations. Further information can be found at www.liberty.edu/disabilitysupport.
