COURSE SYLLABUS
NURS 523
FINANCIAL AND RESOURCE MANAGEMENT FOR NURSE LEADERS

COURSE DESCRIPTION
The course focuses on financial and resource management for the nurse leader. The course provides students the skills and knowledge to perform a variety of functions related to financial and resource management including budgetary functions such as operating, expense, revenue, capital, and performance budgets, planning, controlling, management of costs associated with staff/skill mix, and cost analysis. Key concepts such as strategic management, reimbursement and payor mix, forecasting economic and marketing factors are explored for decision making. Students will be required to perform financial and budgeting operations and spread sheet analysis using Microsoft® Excel.

RATIONALE
This course provides the financial and resource management skills and knowledge required for nursing administrators to operate health care systems in today’s changing economic climate. The course meets the standards of graduate-level nursing education articulated by the American Association of Colleges of Nursing (AACN) and the American Nurses Association’s Scope and Standards for Nursing Administration.

I. PREREQUISITE
For information regarding prerequisites for this course, please refer to the Academic Course Catalog.

II. REQUIRED RESOURCE PURCHASE
Click on the following link to view the required resource(s) for the term in which you are registered: http://bookstore.mbsdirect.net/liberty.htm

III. ADDITIONAL MATERIALS FOR LEARNING
A. Computer with basic audio/video output equipment
B. Internet access (broadband recommended)
C. Microsoft Office
IV. MEASURABLE LEARNING OUTCOMES

Upon successful completion of this course, the student will be able to:

A. Analyze cost, revenue, and expense data related to financial operations for the health care unit/division and organization.

B. Evaluate methods such as forecasting used for the development of capital and operating budgets for nursing/health care services.

C. Discuss key issues impacting decision making in health care resource management.

D. Analyze costs and other issues related to recruiting and retaining staff.

E. Define key advantages of cost-benefit and cost-effectiveness analysis.

F. Examine the intricate relationships among health care financing, costs, and quality of care.

G. Discuss legal and ethical considerations in resource management from a Christian worldview.

V. COURSE REQUIREMENTS AND ASSIGNMENTS

A. Textbook readings and lecture presentations

B. Course Requirements Checklist

After reading the Course Syllabus and Student Expectations, the student will complete the related checklist found in Module/Week 1.

C. Discussion Board Forums (3)

Discussion boards are collaborative learning experiences. Therefore, the student is required to submit a thread in response to the provided prompt for each forum. Each thread must be at least 500 words, demonstrate course-related knowledge, and cite at least 2 scholarly sources published within the last 5 years. In addition to the thread, the student is required to reply to 2 classmates’ threads. Each reply must be at least 250 words and cite at least 1 scholarly source published within the last 5 years. All posts must follow current APA format and include a reference list. All threads must also include a title formatted as it would be in a formal paper.
D. Question Sets (2)
The student will answer a set of 8 questions that are reflective and applicative to resource management. The student may use the textbook and scholarly texts and articles published within the last 5 years to complete each Question Set. Any citations from the textbook or other sources must follow current APA format. Each Question Set must include a title page and a reference page in current APA format.

E. Financial Exercises (3)
The student will respond to a series of questions specific to finance and its role in nurse administration. The student may use the textbook and scholarly texts and articles published within the last 5 years to complete each exercise. Any citations from the textbook or other sources must follow current APA format. Each Financial Exercise must include a title page and a reference page in current APA format.

F. Resource Management Paper
The student will develop a 10–15-page paper on an aspect of resource management of his or her choice. This assignment will be submitted in 3 parts. Each part of the assignment must follow current APA format.

1. Annotated Bibliography
The student will submit an annotated bibliography related to finance and resource management. This bibliography must include 7–10 annotated peer-reviewed references published within the last 5 years.

2. Outline
The student will complete a comprehensive outline that provides a well-developed framework for the paper while being clear and concise.

3. Final Draft
The student will write a 10–15-page paper. This paper must include a title page, an abstract, an introduction, a body with proper headings, recommendations, conclusions, and a reference page. The paper must include 7–10 scholarly references published within the last 5 years. The title page, abstract, and reference page are not included in the length requirement.
