CAMPAIGN TACTICS, STRATEGIES, AND MANAGEMENT

COURSE DESCRIPTION
Campaign Tactics, Strategies, and Management will provide both case studies and practical instruction in the art and science of starting, running and succeeding in political campaigns. The class will include expert guest lectures on a variety of topics and will provide a well-rounded overview and practical framework for the potential candidate, campaign manager, campaign counsel, and student of the electoral process alike.

RATIONALE
The outcome of a political campaign is not achieved strictly on the basis of the candidate’s platform and beliefs, nor does it rest solely on persuasive demeanor and rhetoric. On one hand, a successful campaign consists of a careful blending of these factors into a clear, concise message that translates well to the intended demographic audience. Additionally, a successful campaign consists of a staff who effectively apply their skills and work together, promoting the candidate and conveying the candidate’s message. This course will delve into the complexities of launching and conducting a strong campaign and will explore effective strategy development and implementation.
